

4 strings of lithium batteries 12v inverter protection

Overview

Our BMS PCB protection board protects against overcharge, overdischarge, overcurrent and short circuit. It also protects against temperature and disconnects when needed. Balanced protection improves battery performance, balances charging and extends battery life.

4 strings of lithium batteries 12v inverter protection

4S Inverter BMS 100A 12V Battery Protection Board with Balance

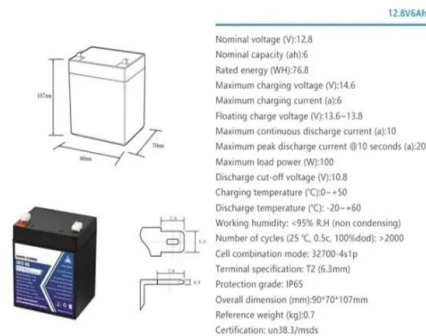

Balanced protection improves battery performance, balances charging and extends battery life. The upgraded temperature protection ensures battery safety by ...
