

# **Australia double glass photovoltaic panel wholesale**

## Overview

---

Where can I buy solar panels in Australia?

No products in the cart. Solar shop online is one of Australia's leading solar panel wholesalers distributors with across the world. Solar Shop Online (Australia) Shipping hundreds every month. We protect you in every way possible! Contact us at 1300 620 290. See our full range of solar products.

Who is PV wholesale?

Affordable. Quality. Australian. At PV Wholesale, we are a locally owned and operated solar company dedicated to providing high-quality products at wholesale prices. Our mission is simple: to help every Australian power their home with affordable and reliable solar solutions.

What is a dual glass solar panel?

Having Dual Glass exposes both the front and backside of the solar cells whereas the conventional solar panels with a plastic backsheet only work from the front. Particularly, if dual glass modules are installed on highly reflective surfaces, the potential power gain can be up to 30% compared to the conventional solar panels.

What are the benefits of dual glass n-type solar panels?

**DUAL GLASS BENEFITS-EXTRA POWER GAIN** AusGem's Dual Glass N-Type solar modules produce power from both sides of the panel. Having Dual Glass exposes both the front and backside of the solar cells whereas the conventional solar panels with a plastic backsheet only work from the front.
