Overview

What is a lithium-ion battery charging & storage cabinet?

Storemasta's lithium-ion battery charging and storage cabinets provide a cool, dry and secure space for batteries to be housed and recharged. Why do I need lithium-ion battery safety training?

Due to the risk of lithium-ion battery fires and explosions, staff must be trained to understand the hazards of the battery.

What is a Li-ion battery storage cabinet?

Our fully lockable Li-ion battery cabinet features the patented Safe-T-Close sequential door system for enhanced security. Our battery storage cabinet features a powerful 150mm fan, helping to prevent Li-ion battery overheating and thermal runaway, even in Australia's hot and humid summers.

What is a battery cabinet?

A battery cabinet is a particular type of storage cabinet that reduces the risks associated with lithium-ion batteries. These innovative cabinets create a safer environment in which workplaces can charge and store their li-ion cells.

Are MP's batteries made in Australia?

Seeking to provide superior performance and reliability, MPS began manufacturing its own lithium battery solutions in 2019. Their Australian-made battery range includes: The flagship MPS 48-5.1 battery module represents the pinnacle of their advancements, offering outstanding performance tailored to Australia's challenging conditions.

Who makes a lithium battery?

Anthony's enduring fascination with batteries, which began in his youth, led him to create his first lithium battery prototype in 2009. Seeking to provide superior performance and reliability, MPS began manufacturing its own lithium

battery solutions in 2019. Their Australian-made battery range includes:.

How many lithium ion batteries can a storemasta Battery Cabinet charge?

A Storemasta lithium-ion battery cabinet can simultaneously charge multiple workplace batteries in a safe and protected environment. Storemasta offers an 8 and 18 outlet model of battery cabinet, which allows the user to charge up to 8 or 18 li-ion batteries – depending on the chosen model.
