

Azerbaijan hybrid energy storage project

Overview

Musayev revealed that SOCAR plans to implement a pilot hybrid project with ADSEA. The project will feature onshore wind power plants, floating or stationary solar panels installed on water, and an energy storage system using battery technology.

Azerbaijan hybrid energy storage project

Project Manager - Battery Energy Storage (BESS) & Hybrid Projects

5+ years experience in energy projects, with at least 3 years in project management. Strong background in battery energy storage integration; hybrid PV project experience is a plus.
