

Best lithium battery pack

Overview

We tested 13 popular rechargeable batteries to compare their affordability, performance and reliability. Three emerged as the absolute best for most users.

Many of the electronic devices around your home require batteries, and considering the affordability and performance of rechargeable batteries, there's not.

Out of all the nickel-metal hydride (NiMH) batteries I tested, the Panasonic Eneloop Pro provides the best combination of high capacity and long run time. After.

The Ladda Rechargeable Batteries are sold by Ikea, and their impressive capacity, low price and included wall charger make for a great value. With an average.

Although rechargeable batteries proudly advertise their capacity (generally expressed in mAh), that's actually a maximum number that it may not deliver. To.
