

Burundi building photovoltaic curtain wall supplier

Lithium battery parameters

Product capacity: 100Ah

Product size: 135*197*35mm

Product weight: 1.82kg

Product voltage: 3.2V

internal resistance: within 0.5

Overview

What is the solar PV project in Burundi?

The solar PV project in Burundi is a 7.5 MW plant located in Mubuga. Interconnection is expected in Q3 2020, which will increase Burundi's installed electricity capacity by 14%.

What is photovoltaic curtain wall?

Photovoltaic Curtain Wall generates energy in the building implementing solar control by filtering effect, avoiding infrared and UV irradiation to the interior.

Can a curtain wall integrate photovoltaic panels?

. capping, skylights), this curtain wall can integrate photovoltaic panels. A photovoltaic solar generator integrated in the skylight . Curtain wall and glass for production of electricity by solar energy.

Burundi building photovoltaic curtain wall supplier

Photovoltaic Curtain Wall Photovoltaic Building Integration

In our produced solar panels cells can be arranged customly on your demand. Let's get in touch to discuss your project, an idea or any other questions regarding our manufacturing possibilities.
