

Cambodia energy storage lithium battery company

Overview

Who sells batteries in Cambodia?

We have sold thousands of batteries to individual customers and telecom companies throughout Cambodia. Khmer Solar is a regional distributor for Narada Power Source, the third largest energy storage company in the world, with millions of batteries installed around the globe.

Can solar energy be used intermittently in Cambodia?

However, the intermittent nature of solar energy benefits from robust storage solutions to store excess generation and provide power during low solar output periods, like the dry season. The Cambodian Minister of Mines and Energy, Keo Rattanak, is targeting 70% renewable energy by 2030.

Why is energy production increasing in Cambodia?

Domestic energy production has been increasing at a rate of 8% per year since 2010. As Cambodia continues its journey toward sustainable economic development, energy security and sustainability are at the forefront of national priorities.
