

Cambodia has the largest number of outdoor communication battery cabinets

Nominal Capacity

280Ah

Nominal Energy

50kW/100kWh

IP Grade

IP54

Overview

Does Cambodia have a sustainable electronics industry?

In Cambodia, no initiatives or NGOs focus exclusively on sustainable electronics. However, multiple issues in other industries (such as the garment sector) are also present in the EEE sector. As Cambodian electronics manufacturing increases its GDP share, adaptation of initiatives to this specific industry seems ineluctable.

What is the electrical and electronic market in Cambodia?

The Cambodian market for electrical and electronic products is segmented into two main categories: low-cost products from China with varying quality, and high-quality products for customers who are willing to pay more.

How much electricity does Cambodia import from the EU?

Although EU exports of electrical and electronic equipment (HS code 85) to Cambodia increased from \$18 million in 2021 to \$20.6 million in 2022, they still only accounted for a small percentage of Cambodia's total imports from the EU (2.5% and only the 11th most imported commodity), down from \$23.3 million in 2020.

How many people work in Electrical & Electronics Manufacturing in Cambodia?

In 2021, Cambodia has approximately 54,000 people working in electrical and electronics manufacturing, which account for about 1.43% of the country's total employment. For comparison, the industry employed 600,000 people in Thailand (1.57% of the workforce) and more than a million in Vietnam (1.78% of the workforce).

Why do developers use Panasonic products in Cambodia?

Indeed, residential and commercial developers in Cambodia utilize top-end appliances and other electronics in their projects, and Panasonic Cambodia's wide range of products covers much of the ever-evolving needs of developers.

Is Panasonic a reliable partner in Cambodia?

Since 2010, Panasonic Cambodia has established itself as a reliable partner among leading businesses in the Kingdom. Panasonic has committed to enhancing Cambodian lives with its wide range of consumer electronics through innovation. As a result, Panasonic's presence is now evident everywhere.
