Outdoor All-in-one ESS cabinet

Overview

What is a lithium-ion battery charging cabinet?

The Justrite Lithium-Ion Battery Charging Cabinet is the ultimate solution for safely charging and storing your lithium-ion batteries. Each charging station locker has multiple layers of advanced shielding to help reduce the risk of battery fires and thermal runaway.

Who makes electric vehicle charging stations & cabinets?

* Indicates a required field Dalsin Industries manufactures electric vehicle charging stations and cabinets for the ever-growing electric vehicle market. Call us today to get started on your next project!.

How does a charging station locker work?

Each charging station locker has multiple layers of advanced shielding to help reduce the risk of battery fires and thermal runaway. A special label on the cabinet changes colors when temperatures reach 120° to give a clear warning of potential danger. This battery storage unit has a max capacity of 4kWh.

How many kWh can a battery storage unit hold?

This battery storage unit has a max capacity of 4kWh. It includes an 8-receptacle power strip to allow you to charge multiple batteries at once. The lightweight, benchtop design makes it easy to move the cabinet wherever you need it. Lockable doors keep your lithium-ion batteries securely stored and safe from theft.

Are charging stations a one-size-fits-all?

When it comes to charging stations, there's no one-size-fits-all answer. Some applications need enclosures with specific sizes and shapes. Others need doors, wiring access ports, or locking mechanisms. We welcome OEMs with existing design blueprints and those still on the drawing board.

Why should you choose Dalsin Industries for your EV charging stations?

As an Original Equipment Manufacturer (OEM), you're undoubtedly seeking reliable partners to enhance the safety and durability of your EV charging stations. The good news is that you've just found the perfect partner. Dalsin Industries helps meet demand with functional and protective custom cabinets for charging equipment.
