

Eastern European Telecommunications Base Station EMS Construction Regulations

Overview

What standards are used for 5G EMF compliance?

standards concerning 5G products. The main standard used for the Base Station EMF compliance measurements is based on the European harmonized standard EN 50401:2017 and standard EN 62232:2017. These are indispensable for the use of EN 50401:2017 and are based on IEC 62232 standard.

What is the European emergency number '112'?

Directive (EU) 2019/882 in addition entail the availability of real time text and total conversation for emergency communication by using the European emergency number '112'.

What are emergency communications?

Emergency communications Emergency communications are defined primarily as means communication by means of interpersonal communications services between an end-user and the PSAP with the goal to request and receive emergency relief from emergency services.

How has the EECC changed in France?

Legislation Transposition of the European Electronic Communications Code
The EECC is fully implemented in France. Changes include: The definition of electronic communication services is broadened/made more specific to include services, such as over-the-top (OTT) services, machine-to-machine (M2M) services, etc.

How many emergency calling applications are there in Europe?

There are presently hundreds of emergency calling applications in use across Europe, but their use is constrained to the boundaries of the Public Safety Answering Point (PSAP) with which they are integrated. The resulting TS, updated in March 2020, makes it possible for data to arrive at the most

appropriate PSAP, wherever the call is made.

Is the EECC fully implemented?

All legislative steps have been taken and the EECC is now fully implemented. The law provides for a number of changes on emergency calling requirements, competition and network requirements and consumer protection measures. Back to country list Current status: Implemented as of July 12, 2022. Legislation Electronic Communications Act (OG 76/22)
