

Energy Storage Project EPC Management

Overview

What is project management for EPC projects?

Duration: 3 Days The "Project Management for EPC Projects" program is targeting project managers, project leaders, engineers and construction managers who are working in EPC (Engineering, Procurement, and Construction) projects for industrial plants, such as power plants, refineries, oil and gas, and the chemical industry.

What services does EPC energy offer?

With over 650 MWh installed and commissioned, our experienced team can provide in-house design and engineering services, along with end-to-end support including commissioning, operations & maintenance, plus extended warranties. We make energy efficiently. Copyright © 2024. EPC Energy, Inc. CSLB #1086692.

What makes INTEC a global leader in EPC services?

With over a decade of success, INTEC has evolved into a global leader in EPC Services, boasting an installed and secured 3.9 GW track record. Our focus on green energy drives us to go further, now offering comprehensive Project Development services and investing in New Energy Solutions.
