

Estonian photovoltaic panel insulation manufacturer

Overview

What is Solarstone doing in Estonia?

Solarstone is reinforcing Estonia's commitment to sustainable energy solutions by opening Europe's largest solar roof factory to produce 14 times as many building-integrated solar roofs as Tesla in the U.S. The factory can assemble 13,000 integrated solar panels per month.

How much does a roof cost in Estonia?

Eastland said roofing material he was able to source in Estonia came in at around 60 percent less than originally budgeted four (though still coming in at £118,000, or nearly €138,000).

What is a building-integrated photovoltaic (BIPV) roof?

Their building-integrated photovoltaics (BIPV) serve a dual purpose as both a roofing material and an energy generator, turning sunlight into electricity. "We offer a 2-in-1 solution that is markedly more eco-friendly. Traditional methods construct the solar roof twice: initially creating a 'base roof' and adding a 'panel top layer'.
