

# Finland Energy Storage Battery Project

### **Overview**

Developed by Finnish Firm Polar Night Energy – which also built the world's first commercial sand battery a few years ago – this battery is about 42 ft (13 m) tall and 50 ft (15 m) wide. It serves as a storage medium for up to 100 MWh, with a round trip efficiency of 90%.

### **Finland Energy Storage Battery Project**

#### **Commercial and Industrial ESS**

Air Cooling / Liquid Cooling

- Budget Friendly Solution
- Renewable Energy Integration
- Modular Design for Flexible Expansion
