

Gabon Power Plant 5G Base Station

Overview

What is a natural gas plant in Gabon & Wärtsilä?

Developed by Gabon Power Company in partnership with Wärtsilä under a build-own-operate-transfer IPP model, the plant will primarily utilize natural gas from Gabon's offshore fields to generate electricity, addressing both growing domestic demand and facilitating regional energy trade.

Can Gabon become a regional energy hub?

As Gabon transitions from oil dependency to cleaner energy, gas-fired power generation will bridge the gap and support the country's shift. Key infrastructure developments, such as the Owendo plant and floating power solutions, position Gabon for long-term energy security and enhance its potential as a regional energy hub.

What does Gabon Power Company do?

Gabon Power Company develops and co-finances projects to provide costeffective and sustainable energy that supports Gabon's economic activity. Our projects aim to accelerate the growth of the economy for the benefit of the population and future generations.

Will Owendo gas power plant increase Gabon's electricity generation by 50%?

The Owendo gas power plant project, which will commence construction in June, is expected to play a vital role in Gabon's goal of increasing its electricity generation by 50% by 2025.

Will natural gas revolutionize Gabon's energy landscape?

This week, Gabon has taken significant steps toward revolutionizing its energy landscape, marking a crucial moment in the country's drive to harness natural gas as a key resource for domestic power generation.

How will Gabon expand its power generation capacity?

The demand for advanced technology, skilled labor and power generation services will continue to rise as Gabon expands its electricity generation capacity, presenting significant opportunities for companies in gas extraction, power generation and transmission.

Gabon Power Plant 5G Base Station

Ericsson's USA 5G Smart Factory

At the Ericsson USA 5G smart factory, we assemble the equipment that will power 5G networks across the US.
