

# Huawei photovoltaic inverter night operation

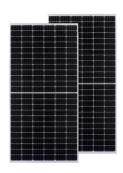

#### **Overview**

In order for the PV system to also be able to feed in reactive power at night, the inverter must be fitted with the "Q at Night" option. For some MV transformers, the connection between the inverter and the MV transformer must be modified.

#### Huawei photovoltaic inverter night operation

#### **Built-in PID Recovery**

Ensure that the inverter PE cable is securely connected. Otherwise, the built-in PID recovery function may be unavailable and electric shocks may occur.
