

Iran 15kw lithium battery energy storage system inverter

Overview

Can a 15 kWh lithium ion battery save money?

Yes! Save money on your home's energy bill with the 15 kWh Lithium ion Battery. If your energy comes from a solar system, you can save excess electricity during the day for use at night or on cloudy days. If your energy comes from the grid, you can store power when prices are low and use it when prices are high.

What is pknergy 15kWh lithium ion battery?

Pknergy 15kwh Lithium ion Battery adopts a universal wheel design for easy movement and installation. The battery chemistry is lithium iron phosphate. They are powerful and efficient, with a depth of discharge of up to 98% to keep your home powered!.

How long does a pknergy 15 kWh lithium ion battery last?

Pknergy 15 kWh Lithium ion Battery has a design life of up to 15 years and is guaranteed by the after-sales service of Pknergy's professional team. Grade A high-quality lithium iron phosphate cells are the basis for ensuring the long-term operation of Pknergy batteries, Long cycle life (≥ 7000 cycles @ 90%).

What is a fully integrated energy storage system?

This fully integrated energy storage system features a comprehensive all-in-one design, incorporating essential switches for battery fuses, photovoltaic input, utility grid, load output, and diesel generators.
