

Portugal s new outdoor power supply market

Overview

Does Portugal have a power supply sector?

On a global scale, Portugal's power supply sector is part of the European Union's broader energy goals, emphasizing sustainability and energy independence. Engaging with local stakeholders and understanding market dynamics can enhance opportunities for collaboration and growth within the industry.

What is the growth rate of the Portugal power market?

The Portugal Power Market is growing at a CAGR of greater than 3% over the next 5 years. Acciona SA, Finerge SA, Iberdrola SA and Energias de Portugal are the major companies operating in this market.

What is the electricity sector in Portugal?

Electricity sector in Portugal is the main article of electricity in Portugal. In 2000, 85% of energy was imported, while in 2021 the last coal fired power station closed and renewable energy was expanded to fill the gap. In 2023 Portugal was responsible for around 1% of the total global greenhouse gas emissions.

How will urbanization and electrification affect power consumption in Portugal?

The degree of urbanization and electrification is also expected to drive power consumption. On the other hand, the dependency on renewable weather conditions such as the sun for solar energy and the wind for wind energy is expected to restrain Portugal's power energy market.

Does Portugal have a green energy policy?

Portugal has made significant strides towards renewable energy, with wind and solar power being substantial components of its energy mix. Understanding the regulatory framework is essential, as the government

supports green energy initiatives through various incentives and policies.

How is the Portugal power market segmented?

The Portugal power market is segmented by power generation, transmission, and distribution. By power generation, the market is segmented into thermal, hydro, renewable, and others. For each segment, the market sizing and forecasts have been done based on installed capacity (gigawatts), except transmission and distribution.
