

Senegal s advantageous energy storage system

Overview

Does Senegal have a battery energy storage project?

The national electric utility of Senegal, Senelec, has signed a 20-year CCA with Infinity Power for a battery energy storage project.

Will a 40 MW battery energy storage system improve Senegal's national grid?

The agreement focuses on implementing a 40 MW battery energy storage system to improve the stability of Senegal's national grid. The system will be one of West Africa's largest upon completion in 2025 – with construction set to begin in early-2024 at the Tobène substation in Thiès – and will be integrated with the Taiba N'Diaye wind farm.

Does Senegal have a capacity change agreement with Infinity Power?

Senegal's national electricity company Senelec has entered into a 20-year capacity change agreement with Infinity Power, a joint venture between Egypt's Infinity and the UAE's Masdar, to establish a battery energy storage system.

Where is a Bess project being built in Senegal?

The BESS is to be built at the Tobène substation in Thies, Senegal. It will be operated by Infinity Power's 158.7 MW wind farm in Senegal, Parc Eolien Taiba N'Diaye (PETN)
