

# Serbia energy storage power station price structure

#### **Overview**

What is the capacity of gas-fired power plants in Serbia?

into account provision of heat energy for individual units of local self-governments, which is related to the operation of individual units. The uptodate capacities of gas-fired power plants in the Republic of Serbia are the CHP Panonske (297 MW) and CHP Pančevo (188 MW).

How much power does Serbia have?

It currently has a total capacity of approximately 3490 megawatts (MW) of renewables, with 2342 MW in hydropower in 2019 according to the European Energy Community. Serbia announced plans to install new hydropower plants and two existing dams, and to rehabilitate a further 15 existing power plants totaling around 30 MW with EBRD financing.

How does the Republic of Serbia develop in the energy sector?

The development of the Republic of Serbia in the energy sector is directed by ratified international contracts and national laws. The international legal framework contains international laws that establish the energy sector and field of environment and climate, human rights, international trade, transport, and investments.

What is the energy consumption structure in Serbia?

The structure, by consumption sector, is shown in Figure 23. Energy consumption in households accounts for more than one third of the final energy consumption in the Republic of Serbia. In this sector, more than 70% of energy is used for space heating and hot water preparation.

Can Serbia accept high electricity prices from EU etc?

For the Republic of Serbia, the use of very high current prices (expected to go even higher) from the EU ETC in the near future is not acceptable, the reason being the buyers of electrical energy can't accept high prices of electrical

energy that will result from that.

What is the production of heat energy in the Republic of Serbia?

The production of heat energy (in heating plants, thermal power plants and autoproducers) in the Republic of Serbia is mainly based on fossil fuels.
