

## Slovenia New Energy BMS Battery

#### **Overview**

Are nuvation Energy Battery Management Systems UL certified?

Nuvation Energy provides configurable battery management systems that are UL 1973 Recognized for Functional Safety. Designed for battery stacks that will be certified to UL 1973 and energy storage systems being certified to UL 9540, this industrial-grade BMS is used by energy storage system providers worldwide.

Is the nuvation energy BMS UL certified?

The Nuvation Energy BMS has been rigorously tested for its responsiveness to an exhaustive range of potential safety incidents and found by UL to manage them all in functionally safe manner. Our UL certifications can be verified on the UL website.

What is the nuvation energy BMS?

The Nuvation Energy BMS records high-current occurrences of contactor opening and decrements the remaining life at each occurrence, based on contactor safety testing performed at UL laboratories for Nuvation Energy. The BMS will warn users as the contactors approach their end of life.
