

# Solar photovoltaic panel hardness

#### **Overview**

ASTM D3363 outlines a standardized method for measuring the hardness of coating layers on PV panels. The test involves using a series of progressive indenters with different shapes and sizes to create controlled impressions on the surface of the panel.

#### Solar photovoltaic panel hardness

#### **PV Modules Testing Lab**

RenewSys has set up India's first lab to test PV modules or solar panels under accelerated, extreme climatic, and environmental conditions. This laboratory is certified by Intertek and ...
