

# **Spain Commercial Energy Storage System**

## 12.8V 200Ah

### **Overview**

The Casablanca Solar Power Plant – Thermal Energy Storage System is a 50,000kW molten salt thermal storage energy storage project located in Talarrubias, Badajoz, Spain. The thermal energy storage battery storage project uses molten salt thermal storage storage technology. The project will be.

The Sun2Store Project – Thermal Energy Storage System is a 100,000kW molten salt thermal storageSpain. The rated storage capacity of the project is.

The Erasmo Solar PV park - Battery Energy Storage System is a 80,000kW lithium-ion battery energy storage project located in Saceruela, Castile-La.

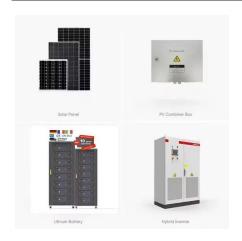

The Caceres Solar Power Plant – Thermal Energy Storage System is a 50,000kW molten salt thermal storage energy storage project located in Caceres.

The La Africana Solar Power Plant - Thermal Energy Storage System is a 50,000kW molten salt thermal storage energy storage project located in Posadas, Spain.

Spain has launched an ambitious €700 million (around \$796 million) program to increase its energy storage capacity. This plan will add 2.5 to 3.5 gigawatts (GW) of storage. It includes pumped hydro, thermal energy storage, and battery systems.
