

Specifications and models of load-bearing solar panels

Overview

The Renewable Energy Ready Home (RERH) specifications were developed by the U.S. Environmental Protection Agency (EPA) to assist builders in designing and constructing homes equipped with a set of fe.

Specifications and models of load-bearing solar panels

Solar Photovoltaic: SPECIFICATION, CHECKLIST AND GUIDE

The RERH specifications and checklists take a builder and a project design team through the steps of assessing a home's solar resource potential and defining the minimum structural and ...
