

# The largest lithium iron phosphate energy storage battery

### **Overview**

The world's largest LiFePO4 (lithium iron phosphate) battery is the 560 MWh system deployed at the Moss Landing Energy Storage Facility in California.

### The largest lithium iron phosphate energy storage battery

## What Is the World's Largest LiFePO4 Battery?

The world's largest LiFePO4 (lithium iron phosphate) battery is the 560 MWh system deployed at the Moss Landing Energy Storage Facility in California.
