

The largest photovoltaic energy storage power station

Overview

Gonghe Talatan Solar Park (in Gonghe County, Qinghai, China) as the largest solar park in the world with a capacity of 15,600MW as of 2023 and a planning area of 609 km², which is close to the land area of Singapore. [10] .

The following is a list of photovoltaic power stations that are larger than 500 (MW) in current net capacity. Most are individual , but some are groups of owned by different .

• • • • • .

The following is a list of operating solar farms that are 500 MW or larger. These lists include a mixture of individual solar power plants and of groups of .
