

Three-phase inverter and ipm

Overview

What is a PFC+inverter IPM?

A PFC+Inverter IPM (Intelligent Power Module) optimized for low power Drives is introduced. A three-phase inverter and a single boost PFC stage are integrated in one single miniaturized DIL (Dual-In-Line) transfer molded type package with an SOI (Silicon On Insulator) gate driver.

What is an intelligent power module (IPM)?

This series of Intelligent Power Modules (IPM) for 3-phase motor drives contains a three-phase inverter stage, gate drivers. The SPM 31 design objective is to provide a minimized package and a low power consumption module with improved reliability.

What is and 9390/d 3 phase inverter power module application note?

AND9390/D 3-phase Inverter Power Module Application Note for the Compact IPM series This application note provides practical guidelines for designing with the Compact IPM series power modules.

Is the new IPM a good solution for a 3KW motor drive?

Therefore the new IPM can be an excellent solution for up to 3kW motor drives even though the package size is extremely compact. All of the power semiconductor components (i.e. a bridge rectifier, a discrete IGBT for PFC, a discrete boost diode, and an IPM for motor drive) are normally mounted on one heatsink for their heat dispassion.

What is a three-phase inverter and a single boost PFC?

A three-phase inverter and a single boost PFC stage are integrated in one single miniaturized DIL (Dual-In-Line) transfer molded type package with an SOI (Silicon On Insulator) gate driver. With this IPM, the size and cost of the system can be dramatically reduced.

What is the internal circuit of the new IPM?

Overview The internal circuit of the new IPM is composed of inverter stage and PFC stage. The three-phase inverter stage has six 600V rated TRENCHSTOPTM IGBTs and six Emitter Controlled Diodes together with one SOI gate driver IC which provides integrated bootstrap circuit, and thermistor for temperature monitoring.

Three-phase inverter and ipm

3-phase Inverter IPM Application Note using the STK534U3xx ...

The STK534U3xx series is an Intelligent Power Module (IPM) for 3-phase motor drives containing a three-phase inverter stage, gate drivers for the inverter stages and a ...
