

Uzbekistan quality energy storage battery efficacy

Overview

Is Saudi Arabia launching a battery energy storage system in Uzbekistan?

This year has seen battery storage announcements from the Central Asian nation coming thick and fast. Saudi Arabian developer ACWA Power has signed a binding implementation agreement with the Ministry of Energy (MoE) of Uzbekistan to develop up to 2 GWh of standalone battery energy storage system (BESS) capacity across the country.

How will Uzbekistan improve its energy security?

"This project will enhance Uzbekistan's energy security through the use of innovative solutions and technologies," noted Marco Mantovanelli, World Bank Country Manager for Uzbekistan.

Who is the biggest investor in Uzbekistan's energy sector?

ACWA Power is already the largest investor in Uzbekistan's energy sector, with over 13 GW of projects under development. "Today, we reiterate our support for the country's energy transition through advanced battery storage solutions.

Who will sell electricity to in Uzbekistan?

The project company is committed to selling electricity to the state-owned National Electric Grid of Uzbekistan JSC under a 25-year Power Purchase Agreement for the project, including a 10-year operating term for the BESS component, signed by these two entities.
