

Wall-mounted household energy storage lithium battery

Overview

The wall-mounted home energy storage battery is an energy storage system specially designed for home users that uses advanced lithium iron phosphate (LiFePO₄) battery technology. This kind of battery has the advantages of high energy density, long life, safety, reliability, and simple maintenance.

Wall-mounted household energy storage lithium battery

Wall Mounted Energy Storage System - Dongjin Battery

Wall Mounted Energy Storage System Key Features Space Saving Wall mounted and space saving design. High Cycle Life 6000 cycles @80% for effectively ...
