What is the advantage of a 24v system over a 12v system?

Today, most systems are 24V or 48V and include a 230V AC inverter. This means the wiring of the house does not have to be different from any other grid-connected household ...

24V to 240V Power Inverters, Convert DC to AC Efficiently

Browse our selection of 24V inverters and inverter/chargers, perfect for converting DC power to 240V/230V AC power. Ideal for trucks, buses and boats.
