

# Zinc-bromine liquid flow energy storage project

### **Overview**

It is China Petroleum's first zinc-bromine flow battery energy storage system project, which can meet the actual needs of off-grid remote well sites for 4 to 24 hours of energy storage and low-temperature discharge at minus 25 degrees Celsius in winter.

### Zinc-bromine liquid flow energy storage project

### Redflow ZBM2 Review: Reliable Zinc-Bromine Flow Battery ...

The installation process for the RedFlow ZBM2 system involves several critical steps to ensure a tailored energy storage solution. Insights from reputable research entities, ...
